1 bestseller in both hardback and paperback shortlisted for the 2020 royal society insight
investment science book prize a directory of wonders the guardian jaw dropping the times
classic wry gleeful bryson an entertaining and absolutely fact rammed book the sunday times
it is a feat of narrative skill to bake so many facts into an entertaining and nutritious book the
daily telegraph we spend our whole lives in one body and yet most of us have practically no
idea how it works and what goes on inside it the idea of the book is simply to try to understand
the extraordinary contraption that is us bill bryson sets off to explore the human body how it

functions and its remarkable ability to heal itself full of extraordinary facts and astonishing stories the body a guide for occupants is a brilliant often very funny attempt to understand the miracle of our physical and neurological make up a wonderful successor to a short history of nearly everything this new book is an instant classic it will have you marvelling at the form you occupy and celebrating the genius of your existence time and time again what i learned is that we are infinitely more complex and wondrous and often more mysterious than i had ever suspected there really is no story more amazing than the story of us bill bryson

this book analyses cultural questions related to representations of the body in south asian traditions human perceptions and attitudes toward the body in religious and cultural contexts as well as the processes of interpreting notions of the body in religious and literary texts utilising an interdisciplinary perspective by means of textual study and ideological analysis anthropological analysis and phenomenological analysis the book explores both insider and outsider perspectives and issues related to the body from the 2nd century ce up to the present day chapters assess various aspects of the body including processes of embodiment and questions of mythologizing the divine body and othering the human body as revealed in the literatures and cultures of south asia the book analyses notions of mythologizing and othering of the body as a powerful ideological discourse which empowers or marginalizes at all levels of the human condition offering a deep insight into the study of religion and issues of the body in south asian literature religion and culture this book will be of interest to academics in the fields of south asian studies south asian religions south asian literatures cultural studies philosophy and comparative literature

this publication provides a critical overview on some research mainly conducted in paris and geneva it aims to review the neurophysiological basis of body perception and schema in health and sickness as well as widely accepted psychotherapeutic procedures based on corporality psychiatrists psychologists social workers psychomotor therapists psychotherapists and neurologists will find a wealth of information in this book that has until now been unavailable in english scientific literature

human body

human rights and the body is a response to the crisis in human rights to the very real concern that without a secure foundation for the concept of human rights their very existence is threatened while there has been consideration of the discourses of human rights and the way in which the body is written upon research in linguistics has not yet been fully brought to bear on either human rights or the body drawing on legal concepts and aspects of the law of human rights mooney aims to provide a universally defensible set of human rights and a foundation or rather a frame for them she argues that the proper frames for human rights are firstly the human body seen as an index reliant on the natural world secondly the globe and finally language these three frames generate rights to food water sleep and shelter environmental protection and a right against dehumanization this book is essential reading for researchers and graduate students in the fields of human rights and semiotics of law

national bestseller new york times bestseller international bestseller a new york times editors choice named one of the best books of 2019 by maclean s the washington post usa today indigo bill bryson bestselling author of a short history of nearly everything takes us on a head to toe tour of the marvel that is the human body as compulsively readable as it is comprehensive this is bryson at his very best a must read owner s manual for everybody bill bryson once again proves himself to be an incomparable companion as he guides us through the human body how it functions its remarkable ability to heal itself and unfortunately the ways it can fail full of extraordinary facts your body made a million red blood cells since you started reading this and irresistible bryson esque anecdotes the body will lead you to a deeper understanding of the miracle that is life in general and you in particular as bill bryson writes we pass our existence within this wobble of flesh and yet take it almost entirely for granted the body will cure that indifference with generous doses of wondrous compulsively readable facts and information
